ENGAGEMENT ACTIVITIES

Over the next couple of months, the Northwest Health Alliance (NWhA) will be identifying and communicating with the next group of health service providers who are to receive access to the ConnectingOntario ClinicalViewer.

Please contact Heidi Smith at the NWhA to schedule a presentation and learn how the ClinicalViewer can provide your clinicians with secure and timely access to electronic patient health information.

Further updates about view-only engagement activities will be printed in "The Viewer" Edition of the Northwest ConnectingOntario NER Update Bulletin.

MEDITECH CREDENTIALS

A quick reminder that lists of end users' Meditech credentials must be submitted to eHealth Ontario as soon as possible in order for them to provision the accounts on time. This is of the highest priority and if you have any questions please contact Caroline Harding who will gladly assist you.

MOU DEADLINE

Another quick reminder that the memorandum of understanding (MOU) deadline is May 30 2018. All milestones must be completed by that date in order for your hospital to receive their total milestone payments.
